# WELCOME!

Something we've been working on for the past couple of months is a major redesign of our website, which we hope will make it easier to use.

One change will be dropping the booking fee. Instead, we will be inviting customers to make a donation, in addition to the cost of the tickets, in order to help us with our running costs. We're facing the same challenges as other businesses right now - our costs continue to rise, but we're reluctant to raise prices to cover this completely. If you can afford to give an extra pound or two, and value what we do, please do so - this additional money will solely support the cinema, while the ticket price is shared with the film distributors. However, we know that not everyone will feel able to donate, so there is no obligation!

**While the information in this brochure is correct at the time of going to print, late changes may sometimes occur for various reasons - and there will be plenty more events that have yet to be confirmed.**

# 1986

Party hats on for these three iconic films, on their 40th anniversary!

Friday 29 May 7.30pm

## HIGHLANDER 15

The classic fantasy adventure, starring Christopher Lambert and Sean Connery, with a hit soundtrack by Queen. Scottish swordsman Connor Macleod, born in 1518, is an immortal. In the present - well, the 80s - he must fight the remaining opponent immortals to win the fabled prize against the evil Kurgan.

Saturday 13 June 7.30pm

## TOP GUN 12A

A mix of action, music and incredible aerial photography helped make *Top Gun* the blockbuster hit of 1986. Tom Cruise is Lt. Pete "Maverick" Mitchell, a daring young flyer who's out to become the best; Kelly McGillis is the civilian instructor who teaches Maverick a few things you can't learn in a classroom.

Saturday 20 June 7.30pm

## BLUE VELVET 18

David Lynch's classic mystery, starring Kyle MacLachlan, Isabella Rossellini, and Dennis Hopper. After stumbling upon a severed human ear in a field, a mystery-loving college student's investigation leads him into a strange world of sensuality and violence.

MARILYN

and her bosom companions

TONY  
CURTIS

JACK

# MARILYN MONROE

Two of the star's greatest performances, showing to mark her centenary.

Saturday 4 July 7.30pm

## THE MISFITS

Marilyn Monroe delivers one of her finest performances in her final film, John Huston's elegiac anti-western. Written by Arthur Miller, *The Misfits* is a touching and off-beat drama of broken-hearted cowboys and broken-down marriages, co-starring Clark Gable and Montgomery Clift as an aging cowboy and a rodeo-rocked bull rider, both with bittersweet memories of a west that's no longer wild.

Saturday 11 July 7.30pm

Sunday 12 July 2pm

## SOME LIKE IT HOT

Billy Wilder's comedy masterpiece stars Monroe with Walter Matthau and Jack Lemmon.

After stumbling into a gang war, down on their luck jazz musicians Joe and Jerry don some dodgy wigs and wobbly falsettos in order to join all-female band Sweet Sue and her Society Syncopators. Here, they meet Sugar Kane: a ukulele-playing knockout with a soft spot for badboy saxophone players. Barely able to believe their luck, things start to go off the rails for the pair when some familiar faces show up at their hotel for a gathering of the country's most dangerous criminals.

From Saturday 30 May

## ROSE OF NEVADA 15

The third feature from award-winning Cornish director Mark Jenkin (*Bait*). When a fishing boat, the Rose of Nevada, lost with all hands 30 years ago, mysteriously reappears in the harbour of a Cornish village, it's surely a sign. Young father Nick (George MacKay) needs to provide for his family; Liam (Callum Turner) is desperate to escape his past. They head out to sea, but when they return, something is amiss – they've slipped back in time to 1993, and the villagers greet them as if they are the original crew...

From Thursday 4 June

## THE AMAZING DIGITAL CIRCUS: THE LAST ACT tbc

The viral internet sensation comes to its long-awaited conclusion in a feature-length cinema release, with episode 8 combined with the all new, hour long episode 9 for fans to see before anyone else in the world.

With Caine gone and the circus dark, the cast are left with only the mistakes of their pasts to keep them company. As the prospect of eternity closes in around them, they discover the truth about the Digital Circus and its history. Will they come to terms with what they uncover, or will they make... the other choice? Also, presumably at some point someone says something funny, because this ending can't be THAT depressing, can it?

From Friday 5 June

## STAR WARS: THE MANDALORIAN & GROGU 12A

An all-new Star Wars adventure! The evil Empire has fallen, and Imperial warlords remain scattered throughout the galaxy. As the fledgling New Republic works to protect everything the Rebellion fought for, they have enlisted the help of legendary Mandalorian bounty hunter Djin Djarin and his young apprentice Grogu.

Sunday 14 June 2pm

## K-POP DEMON HUNTERS: SINGALONG PG

We're goin' up, up, up - and now it's YOUR moment! Back in cinemas by popular demand, for the film's first anniversary, seal the Honmoon and sing your favorite KPop Demon Hunters songs with HUNTR/X and the Saja Boys in the sing-along version of the hit film.

Coming in June

## THE CHRISTOPHERS 15

Comedy drama from Steven Soderbergh. A mainstay of London's art scene since the 1960's, Julian Sklar (Ian McKellen) has drifted into a self-imposed seclusion. His estranged children (James Corden, Jessica Gunning) enlist Lori (Michaela Coel), a painter and sometime-forgery, to pose as a prospective assistant and gain access to a fabled series of unfinished canvases Julian has buried deep in his home studio, in a bid to secure an inheritance for themselves.

## POWER BALLAD 15

A feel-good story about music, self-respect, friendship, and the price of ambition. When Rick (Paul Rudd), a past-his-prime wedding singer, meets fading boy-band star Danny (Nick Jonas), the two bond over music and a late-night jam session. But when Danny turns one of Rick's songs into the hit that reignites his career, Rick sets out to reclaim the recognition he believes he deserves - even if it means risking everything he cares about.

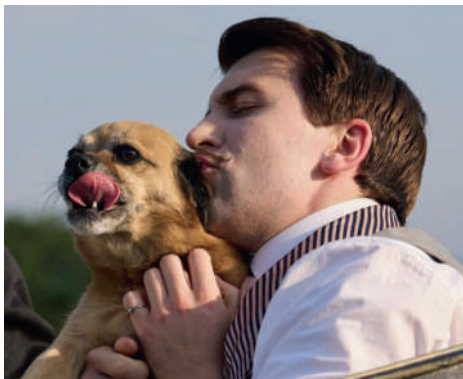

Coming in July

## SAVAGE HOUSE 15

Set against the backdrop of 18th century England, a massive Pox outbreak, and Jacobite Uprising, this is a timely and darkly satirical story of Sir Chauncey Savage (Richard E Grant) and Lady Savage's (Claire Foy) blind pursuit of a better life. Filled with duels, decadence, and bloodshed, this is a savage house indeed - a madcap play on class and power.

## MADFABULOUS 12A

Inspired by a true story. When the flamboyant Henry Paget arrives in 1890s North Wales to claim his aristocratic inheritance, his theatrical flair and defiant eccentricities send shockwaves through the upper-class elite, much to the amusement of the local townspeople.

This riotous celebration of otherness stars BAFTA nominee Callum Scott Howells (*It's a Sin*), Rupert Everett, Ruby Stokes (*Bridgerton*), and Siobhán McSweeney (*Derry Girls*).

## NIGHT & DAY tbc

Based on Virginia Woolf's novel, an un-romantic comedy about passionate astronomer, Katharine Hilbery (Haley Bennett), who does everything she can to avoid romantic love and marriage. Fun and contemporary in tone, this refreshing film showcases an ensemble of humorous performances against the ravishing backdrop of London in 1910, advances in science and technology and crumbling Edwardian patriarchy. With Jack Whitehall, Jennifer Saunders.

Coming in June  
**DISCLOSURE DAY** tbc

If you found out we weren't alone, if someone showed you, proved it to you, would that frighten you? We are coming close to... Disclosure Day. Steven Spielberg returns to the genre that defined him, with a gripping new film starring Emily Blunt, Josh O'Connor, and Colin Firth.

Coming in July  
**A PRIVATE LIFE** 15

Drama, starring Jodie Foster. When psychiatrist Lillian Steiner learns of the death of one of her patients, she is convinced it was murder and takes it upon herself to investigate. With Daniel Auteuil, Mathieu Amalric. In French, with subtitles.

**500 MILES** 12A

Bill Nighy stars in a poetic, life-affirming road movie that follows a broken family who are forced to come together when two young brothers run away from home. Finn (Roman Griffin Davis) and his younger brother Charlie (Dexter Sol Ansell) embark on an epic adventure from Yorkshire, to the wild West coast of Ireland. With the free-spirited busker Cate (Maisie Williams) helping the boys along the way, their destination is Dingle, County Kerry, and their estranged, beloved Grandfather (Nighy), who their parents haven't spoken to since the fateful events of the previous summer.

Coming in August  
**THE ODYSSEY** tbc

Christopher Nolan's new film is a mythic action epic shot across the world, based on Homer's saga. Matt Damon stars as Odysseus, who, following the Trojan War, faces a long and dangerous voyage home. With Tom Holland as Telemachus, Anne Hathaway as Penelope, Robert Pattinson, Lupita Nyong'o, Zendaya and Charlize Theron.

## THE MOVIE - 30TH ANNIVERSARY

The year is 1993. The BBC cameras haven't arrived yet. A hundred thousand people are in a Somerset field, completely unobserved, completely themselves. Shot in Panavision CinemaScope, **Glastonbury The Movie** captured the real festival: not the headline acts, but the stone circle at sunrise, the rave tents, the wandering poets, The Verve at their very first festival appearance. No voiceover. No presenter. Just Glastonbury, as it was. Now rebuilt in 4K for the big screen, thirty years on.

# DAVID BYRNE'S AMERICAN UTOPIA 12A

Spike Lee documents the Talking Heads frontman's brilliant, timely 2019 Broadway show, based on his album and tour of the same name.

Do we get stupider as we grow up? Byrne reflects on human connections, life and how on earth we work through it. He joins the dots with his music and it all starts making sense. Spike Lee transforms the production into dynamic cinema that radiates with astounding performances, inventive contemporary dance and political urgency.

Work by James Baldwin, Janelle Monáe and Kurt Schwitters is highlighted among Byrne's solo work, as well as Talking Heads classics. Byrne illuminates our responsibility to care for one another as he and his co-performers burn down the house.

**MINIONS & MONSTERS** tbc

**MOANA** tbc

In Disney's live action reimagining of the beloved animated adventure, Moana (Catherine Laga'aia) answers the Ocean's call and, for the first time, voyages beyond the reef of her island of Motunui with the infamous demigod Maui (Dwayne Johnson) on an unforgettable journey to restore prosperity to her people.

**PAW PATROL:  
 THE DINO MOVIE** tbc

After their ship gets caught in a mysterious storm, the PAW Patrol pups crash land on an uncharted tropical island filled with dinosaurs. When the PAW Patrol's arch rival, Mayor Humdinger, begins mining in hopes of exploiting the island for its natural resources, he causes a dormant volcano to erupt. The pups are thrown into a series of high-stakes, dino-sized rescues bigger than anything they've done before, as they must stop Humdinger before everything on the island goes extinct.
