

Welcome to the Electric Picture House

The Electric Picture House is one of the oldest cinemas in the country but its refurbished and modernised interior, high-definition digital projection, 11-speaker surround sound, 3D capability and, now, live event broadcasting, make for a film-going experience the equal of any big chain cinema. In fact, our regular customers would say "better" because we are a community co-operative staffed by volunteers who love cinema and aim to make every visit special. So, if you haven't been before, why not give us a try? We think you'll be glad you did!

Patron: Catherine Johnson, playwright and author of the hit musical 'Mamma Mia!'

Refreshments before and after the show are available in the Star Inn immediately opposite the Cinema

The Electric Picture House
